

# Google Drive RUP

- Students are responsible for good behavior while using their Google Drive account; just as they are in a classroom.
- General school and district rules for behavior and communications apply to Google Drive as well.
- The following are not permitted:
  - Sending or displaying offensive messages or pictures
  - Using obscene language
  - Harassing, insulting or attacking others
  - Damaging computers, computer systems, software, or computer networks
  - Violating copyright laws
  - Using another's id/password
  - Illegal use of data in folders or work files
  - Intentionally wasting limited resources
  - Employing the network for commercial purposes
- Access to these documents is given for collaboration between students who agree to act in a considerate and responsible manner.
- Students must be responsible, act with integrity, and show respect online AT ALL TIMES.
- Access is a privilege! Failure to follow responsible use within Google Drive will result in disciplinary actions or suspension of the account.

***I have read the requirements of the responsible use policy. I understand what responsible, acceptable and appropriate use of my Google Drive account looks like and will be a responsible user with good digital citizenship. I know that mis-use of my account will result in disciplinary action or suspension of my account.***

***My parent/guardian has also read this and agrees to my creation and use of a Google Drive account for educational purpose only, based on the guidelines above.***

***IUSD has created the account, and will also be managing it. Since students do not have access to email or social media Google+ with a Google Apps for Education Account, their personal information remains private.***
